

Pomelo WINE CO.

Lively WINES GROWN IN THE California SUN

POMELOWINES.COM

Pomelo wines are known for their refreshing and expressive fruit profiles that please every palate. Sourced from well-known wine growing regions in California, we work closely with growers to hand select grapes that ripen gradually and evenly, producing clean, approachable and balanced flavors.

WINEMAKING:

These grapes are harvested at optimal ripeness and then separately fermented in stainless steel tanks at cold (44-48°F) temperatures to retain varietal character and bright, clean fruit flavors.

TASTING NOTES:

Light and fruity on the nose with delicate aromas of rose petals. Fruity flavors of strawberry are balanced by crisp acidity that leads to a refreshing, clean finish.

VARIETAL:

Syrah, Zinfandel,
Grenache and Merlot

APPELLATION:

100% California

ALCOHOL: 12.71%

TA: 0.61g/100mL

PH: 3.31

RS: 0.37g/100mL
